

Brotherly love

The last 12 years have provided many pleasurable and satisfying challenges to myself, TKT Trustees and I'm sure also to those of you who have helped the Kenya Trust raise money in support of many worthwhile projects. These periodic newsletters provide an opportunity to say 'thank you' again because without your continued giving and support of our fund raising events little could be achieved. Space here will only allow a brief account of the projects we have supported but more detailed descriptions can be found on our web-site or by request to The Kenya Trust, 36 Queens Avenue, Hanworth Park, Middlesex, TW13 7NU.

NJORO SCHOOL is a school for children with severe disabilities and is one of only a handful of schools in Kenya to cater for neuropsychiatric disabled children. Our project consisted of providing new facilities along with educational resources. Without doubt this is an ongoing and challenging situation and your prayers are requested for this school.

Along with a Laserjet printer, a supply of educational resources was also purchased for the **JOYTOWN PRIMARY SCHOOL SPECIAL UNIT**.

The **MATHARE KOSOVO COMMUNITY SCHOOL** is located in what is considered one of the most difficult areas of Kenya. It caters for vulnerable children who are orphans or from single parent families. The Kenya Trust along with fund raising from the Staines Rainbow Playgroup has been supporting this school by contributing to it's running costs which has been invaluable in enabling The Salvation Army to continue its mission in this area.

Funds have also been sent for projects now being commenced at **SHINOYL** School (refurbishment), **KIANIMUTHI** (new

classrooms), **SOLOGO** (poultry scheme), and **MADAGWA** (water project).

As part of our **MUSIC DEVELOPMENT** program in both the Kenya East and Kenya West Territories music schools and music leaders training seminars continued to be held and financially supported. This program included the shipment of over 60 donated Instruments in 2015/16

We are indebted to Corps such as Staines, Bristol Easton, Bristol Staple Hill, Bath Citadel, Reading Central and Addlestone who have held fund raising concerts enabling the Trust to continually support projects such as these.

KIANAMUTHI SALVATION ARMY SCHOOL - I love this picture. It is all about foreground, middleground and background. Children in the foreground, building in the middleground, projects team in the background. A few years ago a community were concerned about overcrowding and under performance in their local primary school. So they set about building another school in partnership with The Salvation Army to ease the strain and help their children. The school is growing and flourishing, serving some of the poorest children in the local community. The buildings are not great at all and need to be improved for safety and health reasons. Yesterday, in the blazing heat, we had our start on site meeting with the contractor to build 2 new classrooms for the Class 1 and Class 2 and upgrade one other. In my view, better facilities accompanied by the children's amazing thirst for learning and the community's spirit and vision is a great combination. Hopefully just one more step in an exciting and inspiring journey for this school, church and community. Thanks to the Kenya Trust - always making a difference!

A group of children in school uniforms standing in front of a building. The children are smiling and looking towards the camera. The building behind them is a simple, single-story structure with a corrugated metal roof.

2016 Date for Your Diary
