KAKAMEGA.

Dear Sir

RE: APPRECIATION FOR PROJECTS DONE.

On behalf of the pupils, teachers and the Makhwabuye community, I take this opportunity to thank and appreciate the Kenya Trust through the Salvation Army Church Kenya West Territory for the projects you have done in our school as shown below:-

1. One classroom complete with desks and tables.
2. Renovation one classroom complete with desks and tables.
3. Putting up of twelve door pit latrines
4. Water point fixed with taps to curb the Covid-19 Pandemic for washing hands at the school's entrance.
5. Drilling water fixed with a pump and a storage tank.

Although drilling water had some challenges where the contractor was forced to drill a second time due to unforeseen ground formation incurring more expenses.

The water will not only support the school but the entire community.

May God Bless the work of your hands.

Yours faithfully,

Florence M. Juma
